 - b. Divide your computer paper into 4 even folds (one square will be left blank)
 - c. Use one side of the computer paper for 1 of your pages
 - d. The only constant in each of your FINAL pages should be the navigation bar

2. You **DO** need
 - a. To draw your “div” box locations
 - i. For graphics
 - ii. Buttons
 - iii. Text
 - b. To label each of the content divs in your drawings
 - i. See example Web Thumbnail Sketch 2.jpg on school fusion
 - c. To draw/write the banner (title) of the page

3. You **DO NOT** need
 - a. To draw pictures or logos
 - b. To write every text in the page written down
 - c. To design the buttons

4. Have Mr. Koch approve and look at your designs

Rough Sketch Requirements

1. Choose one of your thumbnail sketches (per content page) and recreate it on one single side of a piece of computer paper
2. Label the content of the sketch
 - a. See all examples on school fusion
3. Color theme
 - a. You do not have to color the sketch, just include a color idea
4. Have Mr. Koch approve and look at your designs
5. The only constant in each of your FINAL pages should be the navigation bar
